Brochure (June 2019)

North Grange is a purpose-built accommodation which is suited to individuals who value their independence and quality of life. Supported living is a fairly new concept which is centred around enabling each individual to maximise their potential in the future. North Grange will function as a true community where everyone's contribution is recognised and valued. Support staff will ensure that individuals are provided with opportunities to express their preferences and requirements at the time of accepting their chosen accommodation.

North Grange offers a comfortable and homely accommodation in a safe and secure environment. On-call night staff will be available to assist any emergency during night-time hours. It has been built to a very high specification including under floor heating and double glazing to accommodate a wide range of individuals including those who may have specific mobility requirements. Facilities include eight individual rooms each with an en-suite bathroom, a spacious open plan lounge area, and a communal kitchen with dining facilities. Wi-Fi internet access is available in each room. In addition, there is a communal working space on the ground floor with a computer to access the internet. A Stannah stair lift provides access to the first-floor rooms. The grounds are safe and secure with full access to wheelchair users.

The property is conveniently located adjacent to The Grange Residential Hotel which provides a day care service and meals on wheels' service every day of the year. Please contact Victoria Underhill– Care Manager for more details. Tel: 01803 813656
